ABOUT US

3A Industries established in 2019 is one of the leading elevator engineering company in India. We are known for the manufacturing and supplying a quality assured spectrum of automatic doors for lifts. Since our existence in this domain, we are offering highest quality products to our customers. These products are highly recognized by the customers for their accurate dimensions, high strength and sturdy construction. Our clients can avail these products from us as per their needs and demands, as we are offering these products in varied specifications and also in customized form.

We are supported by a team of well qualified and skilled professionals. These professionals are working with full coordination with each other as well as with clients and ensure the maximum level of customer satisfaction. We have established a well-designed and equipped infrastructure unit at our premise. We invest regularly to upgrade our facility so that we can keep pace with the ongoing market trends and developments. With the help of our production unit, we have been able to cater the bulk demands of the provided products within the promised frame of time.

Our Team

We have been assisted by a team of skilled and proficient professionals, which puts best knowledge to offer top level quality products. The team members have experienced in their respective fields. To choose the best professional for our company, we take the test of their experience, expertise and educational qualification before hiring them. Our workforce puts their all efforts to offer the defect less products that can fulfill the market demands in an efficient manner. Moreover, we organize workshops time to time for updating the knowledge of our professionals.

Why Us ?

We have been successfully providing highest quality products to our valuable customers in committed time line. All the offered products are quality approved and available with us in various specifications. We are able to cater the bulk requirements of the offered products timely. We are providing on time exemplary after sales services.
